FROM THE DESK OF HOS

“Learning gives creativity, creativity leads to thinking, thinking provides knowledge, and knowledge makes you great.”

Dr APJ Abdul Kalam

As the HOS of the School, I consider myself fortunate to be a part of an educational institution where every contributor is a learner and every day is an opportunity to discover, create and innovate. We look at ourselves as a coterie of learners, where everyone learns including our staff, students and parents.

Being committed to growth and seeing how it makes the world better is one of the greatest joys in life. The publication of the digital edition of our School Magazine is to celebrate the manoeuvre that has been made by the students and staff of Aadharshila Vidyapeeth in the past three months.

It was a year of achievements and victories, of facing new challenges and reaching greater heights. Our curriculum and practices are continually gauged to corroborate the most updated and best practices which address the future needs of our students. It is our responsibility to pass on the legacy of education to our future generations where it sets children to grow personally, professionally and socially. It can awaken joy, curiosity a deep desire to solve problems and to be self-responsible individuals. We, at Aadharshila Vidyapeeth believe in inspiring and paving the way for our students to develop their inbred qualities as academic succeeders, liberal thinkers and potent communicators making them independent global citizens.

I compliment and appreciate the “Editorial Team” for a wonderful portrayal of their creative acuity in providing us a sneak peek into the multi-faceted activities of the quarter gone by. With the exemplar of dynamic education, let's take the crescent of history in our hands and build a better and safer tomorrow in newfangled ways.

Happy Reading!

HARMONIZING ACADEMIA

BOARD EXAMINATION - 2023-24

“Believe in yourself, take on your challenges, dig deep within yourself to conquer fears. Never let anyone bring you down. You got to keep going.”

As the dawn of CBSE Board 2023-2024 approaches, a symphony of expectations and trepidation fills the hearts of young scholars across the nation. The air is thick with anticipation, as students navigate the labyrinthine corridors of academia, striving to unlock the secrets of success in the impending examinations.

The fear of children during this crucible of assessment is palpable, like a tempestuous storm threatening to engulf their fragile spirits. The weight of expectations, the specter of failure, and the relentless march of time cast long shadows over their tender souls, leaving them trembling in the face of uncertainty.

Yet, amidst this maelstrom of emotions, a beacon of hope shines bright – the power of resilience, determination, and unwavering faith in one's abilities. To overcome the paralyzing fear that grips their hearts, students must embrace a mindset of positivity, preparation, and perseverance. By cultivating a sense of calm amidst chaos, by honing their skills with diligence and dedication, and by seeking support and guidance from mentors and peers, they can navigate the turbulent waters of examination with grace and fortitude.

As the CBSE Board 2023-2024 beckons with its formidable challenges and boundless opportunities, let us embolden our young minds to rise above their fears, to soar to new heights of achievement, and to emerge victorious in the grand tapestry of academic pursuits. Let us stand united in our quest for knowledge, wisdom, and excellence, and let us forge a path of brilliance that illuminates the world with the radiance of our collective potential.

HARMONIZING ACADEMIA

Bidding Adieu!

On the outstanding scene of changing tracks, where visions incite and ambitions flourish, I feel humbled and honoured, being head boy of the School for the session 2023-24. Grateful to the divine, I had embraced this responsibility with unwavering determination. Our school is an album of unique stories, with honourable Members of Management, HOS and teachers as sincere influencers. They've nurtured our minds, sparked curiosity, and shaped our character, building a foundation that allows us to surge in the infinite skies of expertise.

As I get to another stage of my life, I'm driven by a shared vision: one of integrity, unity, and resilience. Though challenges may deter our progress, we'll rise, fuelled by passion and unwavering belief. We'll face storms with courage, embracing all lessons and emerging stronger. Together, we'll forge a legacy of Aadharshila Vidyapeeth, it's vision and mission. We were empowered to be a winner and will beat our limitations and strive for greatness.

I express my deepest gratitude to all those who have motivated us for excellence and catered to me, with all the havens and made my dreams soar. I vow to uphold unwavering dedication, leading with empathy and understanding, within our united collective. Precious memories of classes, playground, functions, competitions and in the end the grand farewell will be relished by us.

Thank you, and may our time spent at Aadharshila Vidyapeeth be marked by remarkable achievements, unyielding growth, and cherished memories.

HARMONIZING ACADEMIA

“A REFLECTION OF AN URGE TOWARDS EXCELLENCE”

Rejoicing the reminiscences of my learning phase, I find myself engrossed in a sense of gratitude for the elevating experience, resilience and achievements within these walls – more than just a school, it's been a second home. The educators, akin to light houses, guided us through the storm of COVID, turning the challenges into openings for progress. The robust support system created by the Worthy administration and management and Head of the School and my mentors-the teachers, played a fundamental role in our journey.

Being bestowed with the honour of representing this esteemed institution as the Head Girl is beyond words. The trust and opportunities given by the school are invaluable. As the Head Girl, I am committed to contributing my best to bring laurels to Aadharshila Vidyapeeth. I'm recapped that realizing brilliance is the thread that weaves both individuals and fields into something astonishing, “Small steps lead to big leaps in the future, executively turning into milestone of SUCCESS”. Let this be our joint chanting as we continue to strive towards our target each day.

Let the legacy of Aadharshila Vidyapeeth be a testimony to resilience, determination and the quest for excellence. Let's come together and ascend to new heights and celebrate the success that follows dedicated efforts.

A Resplendent Republic Day at Aadharshila Vidyapeeth

Amidst fluttering flags, in rhythm with the National Anthem; We present ode to Indian Republic! The Republic Day celebration at Aadharshila Vidyapeeth on 24 January 2024, was a vibrant event filled with patriotic fervor. Celebrating our beloved nation's 75th Republic Day, students from different wings of the school came together and through their soulful performances commemorated the historic event of Shri Ram Lalla's consecration too. The school echoed with nationalistic songs, and the atmosphere was charged with a sense of unity and pride.

Commenced with the unfurling of the national flag, the Republic Day celebration also included a spirited march past by students and school's parade band. Talented dancers invoked the spirit of nationalism with their cheerful dance performance. A breathtaking spectacle of yoga, too reflected the spirit of the occasion. Showcasing discipline and teamwork, school choir presented a mesmerizing patriotic song. Event culminated with a vibrant ensemble showcasing the diverse cultural and regional dances of India.

Chief Guest Dr. Mrs. Balesh Kumari Vijayrun, DDE, Zone North West-B-I and Sh. Anil Kumar Sharma ji, DDE Zone XI and members of the school management graced the occasion. In her valuable words, Dr. Balesh Kumari ji applauded the expertise and insights displayed by the school management, HOS, teachers and students. The entire school community actively engaged in honouring the values that define our nation and reached a significant milestone in imparting the #sdg4 #Quality Education.

E-WASTE AWARENESS

'To nurture environmental stewardship, it's crucial to enlighten our youth; they are the inheritors and the force for change.'

On January 23, 2024, for students in grades VI-VIII, the school organized an initiative to instill a sense of duty and awareness in conserving natural resources. During this event, science educators led a workshop on electronic waste management, inspiring students to integrate the three R's—reduce, reuse, recycle—both at school and in their homes. They were also encouraged to craft various items from discarded materials. Furthermore, the students conducted a survey to assess the generation of electronic waste within the school and their households. The students' participation in these activities was marked by great zeal and engagement.

TREE WATCH CAMPAIGN

'Trees and wetlands are the lungs of our earth, let's preserve them.'

Pupils from the sixth to the eighth grade, belonging to the science and math club at our institution, recently took in part a thrilling set of endeavors. They embarked on an excursion to a park where they participated in a 'tree watch' initiative, meticulously observing a variety of natural specimens including insects, avian life, foliage, roots, and blooms. In a separate initiative, learners from the seventh grade commemorated World Wetland Day on February 2, 2024 by crafting informative displays. These ventures, brimming with vigor and enthusiasm, elicited a strong participative spirit from the students. They not only cultivated a sense of stewardship among the young learners but also promoted broader environmental consciousness.

“For pollution, Revolution is the solution”

Classes VI to VIII of our school have actively participated in a series of educational and awareness activities centered around the theme of pollution. These activities aimed to enlighten students about the various types of pollution and inspire them to take action in their daily lives to mitigate its effects.

Essay Writing Activity:

Students from each class were engaged in an essay writing competition. The topic was Various Types of Pollution and Their Impact on Daily Life and Health. “The young writers showcased their understanding of pollution,

discussing air, water, soil, and noise pollution. They reflected on causes, such as vehicle emissions, industrial waste, and excessive use of plastics, and consequences including respiratory diseases, waterborne illnesses, and loss of biodiversity. Many essays emphasized the need for sustainable practices and suggested actionable solutions like tree plantation, waste segregation, and reduced use of fossil fuels.

Leaflet on Noise Pollution:

In a creative session, students designed informative leaflets on noise pollution. The leaflets highlighted sources of noise pollution such as traffic, construction, and loudspeakers. They also detailed the adverse effects on human health including hearing impairment, stress, and sleep disturbances. Tips for reducing noise pollution, like using noise-canceling headphones, implementing 'silent zones' near hospitals and schools, and promoting the use of sound proof materials in construction, were also provided.

Nukkad Natak on Noise Pollution:

To attract public attention to the issue of noise pollution, students of class VIII performed a 'Nukkad Natak' (street play) in the school premises. The play depicted common scenarios contributing to noise pollution and its impact on various segments of society. The performance was powerful, with a clear

message to reduce noise for a healthier environment. It concluded with a call to action, urging the audience to be mindful of their sound-footprint.

The collective effort of classes VI to VIII to address pollution has been commendable. These activities not only enhanced their understanding but also equipped them with the tools to educate others. The school community has taken a significant step towards a greener, healthier future through these initiatives.

“Learning is not attained by chance; it must be sought for with ardour and diligence.”

On 29th February 2024, Aadharshila Vidyapeeth was graced by the enlightening presence of two distinguished resource persons, Ms Shivani Gupta and Ms Sonia Reila, who led a transformative session on the CBSE Capacity Building Programme centered around the revolutionary National Education Policy (NEP) of 2020. They shared that the substantial impetus placed on vocational education or hands-on learning in the new policy will give rise to multiple hybrid jobs. They discussed the redesigned report cards which will be a “holistic, 360-degree, multidimensional report that would reflect in great detail of the progress, skills and uniqueness of each learner in the cognitive, affective and psychomotor domains.

The event was a magnificent confluence of intellect and innovation, where 46 educators of Aadharshila Vidyapeeth from various disciplines congregated to delve into the depths of educational reform. The Resource Persons, with their erudition and eloquence, illuminated the path towards a progressive educational landscape, guided by the principles of NEP 2020.

The attendees were captivated by the profound ideas and visionary strategies shared by the resource persons, paving the way for a paradigm shift in pedagogical practices.

Tick Tock make a Clock

Class
I

Even a stopped clock is right twice a day.

Knowing how to tell time is an essential skill. It can help you determine whether you are running late or you have plenty of time to spare. Being able to tell time by looking at the traditional clock is essential to understand other things like time zones. Learning how to tell time can also help kids with their motor and cognitive skills as well as mathematical skills.

Realizing the importance of the concept for Grade 1 students, the Clock Making activity was organised on 6th February 2024. During the activity, students made the 3D model of the clock using cardboard and colorful sheets. The teacher then asked them to show the given time on their clock. Students enjoyed the activity a lot, followed all the steps, and made the colourful clocks.

LOVELY LIMERICKS.....!

Once there was a Rat
who saw a big Cat,
it ran to save life
with all children and wife,
and hid in a big hat.

Once there was a Cat
who saw a tiny Rat,
so swift was the attack
Rat jumped on high rack,
but was eaten by cat.

We see Rat and Cat
see them stand and sat,
their having run and fun
no killing with a gun,
living life and end as death.

“WE ARE ON MOON”

Indian space scientists have been striving hard to touch moon and collecting all important information about moon. The mission was given a real push by starting Chandrayan mission which was successful in all stages but when all Indians were anxiously waiting for the final landing, it was found that the landing was not appropriate and so, the mission almost failed. But that disastrous incidence didn't put Indian space scientists at a hopeless condition. Rather, they came up again and started working for another mission with more updated technology and better accuracy in programming.

A great team of Scientists, Chairman of ISRO, Dr. S Somanath, Dr. P. Veeramuthuvel, the Project Director, Smt. K. Kalpana, the Associate Project Director, Shri M Srikanth, the Mission Operations Director and 27 other deputy project directors from different ISRO Centres worked day and night to make the dream come true. Truly said by Dr. A P J Abdul Kalam, “A dream is not that you see while sleeping, it is something that does not let you sleep”.

The team initiated from 2019, and all the time breathed in and breathed out Chandrayan 3 mission. Three important things which were essential part of Chandrayan3 made indigenously- the rocket through which the system was sent

Thus, started the process of mechanism building and it was done with the help of various Indian organizations. On Fourteenth July 2023, again a journey of lunar mission begins. Again there was curiosity, anxiousness, nervousness, excitement and hopes of people of the most populated country.

When the date of soft landing of Chandrayan-3 was decided, the whole nation stood up. Every second seemed to be very long. There were prayers, chanting of mantras, fingers were crossed and hopes had no limit! People were spellbound in front of screens and at 6.04 P.M. The ISRO chief spoke the most lovable words of the century, “WE ARE ON MOON!” and thunderous applause would have reached the space. Everyone was celebrating this big achievement of India and our honourable Prime Minister Shri Narendra Modi, appreciated the scientist and their efforts. Thus, our lunar mission became successful and many more missions will be taken up in future and we have trust that our country will be the most advanced in scientific development. We thank our sincere scientists for this achievement and hope many more will come in future!

A TEENAGE GIRL

I hear my mom scream,
"Bags, books, your comb, and cream
Scattered on the bed with those jeans.
This is how you keep your room clean?"
Do you sometimes forget that I'm a teen?

I hear my father say,
"Wake up, get up, and chase your dreams.
This is the time you should choose your stream.
Leave your Twitter, songs, and films,
Don't waste your time in front of a computer screen."
Well, why don't you understand? I'm a teen.

I hear my friends complain,
"We know it's tough, but we have to tell you,
You can't be rude without having any clue.
It's hard to handle you during your mood swings,
as you can go crazy because you don't know what you mean."
Why don't you get it? Like you, I'm a teen.

“TEEN!” I hear people say,
"OMG! Just look at her size.

Food and drinks? She will never compromise.
She should diet and eat carrots and beans
So she can squeeze into her jeans."
Why don't you understand? I'm a teen.

Sometimes I wonder, does anyone say,
"She is beautiful in her own way.
She tries her best to achieve something.
She can be cute and crazy but never mean.
After all, she is my sweet little queen.
Please try and understand, she is a teen.”

GRATITUDE TO MY TEACHER

With a special gift of learning
And with a heart that deeply cares
You add a lot of love
To everything you share.

And even though you mean a lot
You will never know how much
You helped to change the world
Through every life you touched.

You sparked the creativity
In the students who you taught
And helped them strive the goals
That could not be bought.

You are such a special teacher
That no words can truly tell
However much you're valued
For the work you do so well.

Thank you so much for being
So very nice, kind and good;
I like you so much (Ms Snehlata

संकल्प की शक्ति

हर मनुष्य अपने जीवन में सफल बनना चाहता है। सभी प्रकार की सुविधा पाना चाहता है। अपने प्रयास से सफलता पाना चाहता है। हर व्यक्ति को बड़े-बड़े सपने देखने भी चाहिए, परंतु सपना देखना और पूरा करना अलग-अलग है। कुछ लोग होते हैं जो बड़े सपने देखते हैं पर वह उन्हें हकीकत में नहीं बदल पाते और उनके सपने, सपने ही रह जाते हैं। इसका कारण क्या है? इसका कारण है - इच्छा शक्ति का संकल्प। इच्छाशक्ति वह शक्ति है, जो खराब परिस्थितियों में हमें प्रेरणा देती है। इस कारण से कठिन लक्ष्य भी प्राप्त हो जाते हैं। अगर आपके पास यह प्रचंड इच्छा शक्ति है तो दुनिया में ऐसा कोई कार्य नहीं है, जिसे आप नहीं कर सकते। इस शक्ति से जीवन की बड़ी से बड़ी सफलता पाई जा सकती है। दुनिया में जिन भी लोगों ने महान कार्य किए हैं, यह वही लोग हैं जिनकी इच्छा शक्ति प्रबल रही। अपनी इस शक्ति के बल पर वे कभी झुके नहीं सदैव आगे बढ़ते रहे। अपना नाम बड़े अक्षरों में दर्ज करवा दिया अगर आप अपनी सफलता के शिखर पर चढ़ गए हैं तो केवल लक्ष्य निर्धारित कर लेना ही काफी नहीं है। वरना आपकी अपनी पूरी इच्छा शक्ति उसे पूरा करने के लिए झूठ नहीं होगी तभी आप सफलता पा सकते हैं।

हिंदी खंड

संकल्प की शक्ति

कोई भी लक्ष्य आप पाना चाहते हैं तो उसे सबसे पहले अपने मन में जीतना होगा। आपको अपने मन में यह विश्वास दिलाना होगा कि मैं यह कर सकता हूँ, तो वह आप कर सकते हैं। चुनौतियों को पहले अपने मन में जीतना आवश्यक है क्योंकि कहा गया 'मन के हारे हार है मन के जीते जीत'। जो भी आपका लक्ष्य है अथवा जो भी आप पाना चाहते हैं बिना समय गँवाए लक्ष्य की ओर चल पड़ें। अपने मन में संकल्प कर लें कि जब तक आप इस लक्ष्य को पा नहीं लेते तब तक चैन नहीं मिलेगा। दिन-रात केवल उस लक्ष्य पर ही मन को केंद्रित करें और विचार करें कि एक दिन ऐसा आएगा जब आप अपने लक्ष्य को प्राप्त कर लेंगे। इसलिए कहा गया अगर हम कुछ सोच सकते हैं तो तो हम उसे कर भी सकते हैं।

Mein Vater

In deinen Armen, stark und weise,
Ein Vater, der im Herzen leise.
Mit Liebe groß, wie ein Berg so hoch,
Bist du das Licht, mein sicherer Hafen noch.
Deine Hände stark, beschützend und warm,
Ein Vorbild, stark in jeder Norm.
Die Welt mag wandeln, doch du bleibst,
Ein Fels, der Liebe uns tief verleibt.
Die Kindheitsträume, von dir bewacht,
Ein Vater, der in der Dunkelheit lacht.
Mit jedem Schritt, den wir gemeinsam gehen,
Deine Liebe, ein Lied, das wird nie vergehen.

Gesunde Ernährung:

Eine gesunde Ernährung kann sich positiv auf die Gesundheit auswirken und viele Krankheiten verhindern. Eine ausgewogene und abwechslungsreiche Auswahl an Lebensmitteln trägt dazu bei. Eine gesunde Ernährung enthält viel Obst, Gemüse und Vollkornprodukte, aber nur wenig Salz und Zucker.

Auf einen Blick

- Frisches Essen ist oft besser als verarbeitete Lebensmittel.
- Man sollte bunte Mahlzeiten essen, weil verschiedene Farben verschiedene Nährstoffe bedeuten.
- Es ist wichtig, regelmäßig zu essen, um den Energiepegel stabil zu halten.
- Kochen zu Hause kann Spaß machen und es ist einfacher, gesunde Mahlzeiten zu zubereiten.
- Essen Sie langsam und genießen Sie jede Mahlzeit, um besser zu verdauen und sich satt zu fühlen.

EUPHORIA CREATED AN ARTISTIC UTOPIA.!

WELCOME TO ART & CRAFT SECTION!

From early childhood stage, children unsurprisingly communicate through art in a very instinctive manner. They are caught scribbling with crayons, markers, pens, and whatever else they can get around them. Creating art isn't just an amusing activity, it has a diversity of exclusive and positive effects on toddlers, young children, and adolescents that other actions don't provide. Art kindles originality and ignites problem-solving skills among creators. An art work begins with a creative spark and enables the kids to bring their imagination to life. It also reinforces their rational thinking skills in a very organic manner!

Art promotes self-esteem and self-expression among children. Children flourish when they can practice decision-making and expressing themselves, without perturbing about a right or wrong answer. Paintbrushes are held like pencils, but the strokes are less exact and the result is a lot more exciting than writing down vocabulary of words! Painting teaches hand-eye coordination as little artists attempt to copy and create the lines, shape, direction, and patterns according to the instructor or just try out their own style. Visual-spatial skills developed through art, help kids in understanding where objects are in space and empowers abstract thinking. Children, who possess strong visual-spatial abilities also inculcate and develop better memory and self-control.

Aadharshilians have been maestros of this field, emerging as most creative fraternity of artists, bringing laurels for institution by exceling in all artistic ventures. Viewers will be enchanted by the vivid dimensions; our creators are contributing,

creating and cognizing every day. Aadharshila Vidyapeeth has become an amazing zone where limits do not hinder imagination, where corridors are adorned with masterpieces and where sketches, shades and shapes continuously surprise us. But art and craft work should be seen with a view of artist only, as said by famous artist Camille Pissaro-

"Blessed are they who see beautiful things in humble places where other people see nothing."
