## FROM THE EDITORIAL TEAM

Dear readers

Welcome to the third edition of '*Spectrum*' of this session!

Aadharshillians are really proud and exuberant to accolade that we are rejuvenated by the yearning of touching the horizon of excellence. This edition will surely transpire the unravelled world of the most unforgettable and precious moments of the school.

Helen Keller rightly said **“The world is moved along not only by the mighty shoves of its heroes, but also by the aggregate of the tiny pushes of each honest worker.”** This mammoth task of editing this e magazine would not have been possible without the sincere support of all the members of the Editorial Board who like miners, kept on extracting best out of the articles received from zealous and impertinent Aadharshillians. Creating winners is school's mission and every part of school keeps buzzing with actions in the same direction.

Aadharshillians have always enthusiastically rowed through the tempestuous oceans of the competitions and have sailed to the shore of victory with true enrichment, enlightenment and enhancement of knowledge and skills. This souvenir is indeed a devout endeavour to make our budding talents give shape to their creativity and learn the art of being aware because success depends upon our power to perceive, the power to observe and the power to explore.

It is a fine thing to have ability but the ability to discover ability in others is the true test. I am really thankful to honourable members of management, HOS, coordinators, teachers and students for their valuable contribution in this mission of visualizing the dreams of our future citizens.

The editorial team heartily extends all the readers, its best wishes and hopes that, this souvenir will attract everyone's critical acclaim and will manifest itself to play a vital role in the all-round development of the children.

# From the Desk of HOS

Like a delicate bloom, the essence of knowledge lingers in the hands that nurture it.

## Esteemed Parents

Radiant salutations!

Education, far from being a mere conglomeration of facts, is the art of instilling values that elevate the human spirit. It is our responsibility to leave this world in a better state than we found it. Education, therefore, assumes the pivotal role of sculpting a child's character, fostering a luminous intellect and a jubilant soul, fortified with 21st-century competencies and the fortitude to confront life's trials with poise. The education system should serve as a catalyst, nurturing each child into a balanced individual, with their core strengths rooted in their learning experiences.

I extend profound gratitude to our parents for their resolute support and commend our dedicated educators for fostering the latent potential within each progeny. I implore our students to remain modest, disciplined, and ambitious, ever in pursuit of broadening their erudition and honing their abilities.

Our school magazine is a testament to our growth, breathing life into our dreams and aspirations. It showcases a kaleidoscopic array of creative talents, from the written word to artistic design. I laud the entire editorial cadre for their indefatigable toil and dedication in bringing this vision to fruition.

Collaboration is the hallmark of Aadharshila Vidyapeeth. Together, we can accomplish marvels for the betterment of our pupils, the torchbearers of tomorrow.

## Warm regards

Dr. Priti Saxena  
Head of School

## DISCIPLINE

*"Life is not complicated, it can be made simple by cutting down the unnecessary steps."*

Life is replete with challenges, and discipline serves as a stalwart companion in navigating tumultuous waters. Discipline is not a rigid set of rules but it is the cornerstone of personal development and the key to unlock one's full potential. Getting life in discipline is about creating a roadmap that aligns with our values and aspirations. Whether it is waking up early, exercising regularly, or dedicating time to personal and professional pursuits, a disciplined routine lays the groundwork for success. Discipline serves as the warp and weft, weaving together a fabric of purpose, order, and fulfillment. Each small step taken in alignment with our goals becomes a source of genuine satisfaction. The joy of being disciplined is not a fleeting emotion but a pervasive and enduring sense of contentment. Paradoxically, a disciplined life creates space for leisure and relaxation. While flexibility and spontaneity also have their

Just how beautifully happiness has different definitions for different beings, discipline is defined variedly for different individuals.*

*For me, Discipline is what has been my guiding force in shaping the structure of my life, the force which propels me forward. It gave me a mindset which screams consistency and perseverance. It has been the compass guiding me through enormous distractions. It has been instrumental in achieving academic milestones as I adhered to study schedules and maintained a focused mindset. It also influenced my health and lifestyle choices as regular exercise routines and a balanced diet have become my ingrained practices. Processes like organising, decluttering, etc. have gained my attention now. It's*

### मेरा भारत महान

*“न पूछो ज़माने से क्या हमारी कहानी है,  
हमारी पहचान तो ये है कि हम हिंदुस्तानी हैं।”*

मेरे देश का नाम भारत है। यह एक पावन भूमि है। यह संसार का सबसे अच्छा देश है। यहाँ पर बड़े - बड़े महाजानी ऋषियों, महापुरुषों, वीरों का जन्म हुआ था। मेरा भारत देश कश्मीर से कन्याकुमारी तक एक है। यहाँ पर यमुना, गंगा, ब्रह्मपुत्र, और कावेरी जैसी पवित्र नदियाँ बहती हैं। भारत विविधताओं का देश है। ऐसी विविधता और एकता सिर्फ़ मेरे भारत देश में ही देखने को मिलती है, इसलिए विदेशी लोग हमारी संस्कृति को जानने और पहचानने आते रहते हैं।

धन्यवाद...

स्त्रोत इसलिए करो संरक्षित  
न करो प्रदूषित ऐसे पानी।

पशु-पक्षी, पौधों को चाहिए

हिमखंड अगर है पिघलते  
बड़े तापमान से होगी हानि।

पानी को न व्यर्थ बहाओ  
न धरती को मरुस्थल बनाओ,  
हरी भरी धरा जो बंजर होगी  
महंगी पड़ेगी ये मनमानी।

आओ इसका मूल्य हम जाने

न पर्वत होंगे श्वेत हिमानी।

कुछ पाया सब भूल गए, खो बैठे तब सम्मान ।

नाम ही करना हो तो, करे कुछ बड़ा काम ।  
काम सदा ऐसा करे, हर जगह होय नाम ॥

लोकनीति यह कहती है, निंदा करो न कोई ।  
खुद को देखो करीब से, है शर्मिंदा हर कोई ॥

खुद ही ढोकर खा रहा, पत्थर का करे मलाल ॥

## MEIN LEHRER

In meinem Klassenzimmer hell und weit,  
Mein Lehrer strahlt, voller Freundlichkeit.  
Mit Wissen tief, wie ein Buch so alt,  
Lehrt er uns Weisheit, die niemals verhallt.

Seine Worte sanft wie ein leiser Wind,  
Führen uns vorwärts, wie ein Weg geschwind.  
Mit einer Feder, mächtig und weise,  
Formt er Gedanken, macht sie lebendig und leise.

Die Tafel ist seine Leinwand, bunt und klar,  
Geschichten des Lernens, zaubert er wunderbar.  
Voll Hingabe, wie ein Gärtner im Garten,  
Pflegt er die Köpfe, lässt Wissen erwarten.

Mein Lehrer, ein Licht in der Schulzeit grau,  
Mit Geduld und Güte, wie der goldene Tau.  
Danke, Lehrer, für jedes Lächeln, jede Lehre,  
Du bist der Kompass, unser Führer.
